The teams will be composed of 4 fencers, i.e. for 6 teams, 24 fencers in foil, epee and sabre. These teams will qualify as follows:

The top 5 teams (epee, foil and sabre), in the FIE Official Team Ranking (OR) by cut off day, plus team from the host country. If the host nation is not able to form a team with a minimum of 3 athletes in any of weapons, then that team place will be allocated to next best ranked team. If the host country is one of the top 5 teams in the ranking then that place will be allocated to next best ranked team.

### b) Individual qualification

For epee weapons the 24 fencers, for foil weapons 24 fencers and for sabre 24 fencers who qualified through team qualification.

The 8 in epee, 8 in foil and 8 in sabre highest ranked fencers in the FIE individual AOR\* with only one fencer from any one country. If the host nation was not able to qualify with a team in any weapon then 1 quota place from these 8 places will be reserved for the host nation.

Universality - The 4 in epee, 4 in foil and 4 in sabre highest ranked fencers in the Europe-qualifying events with only one fencer from any one country per gender.

Unused places of the host country will be used for increasing quota of fencers to qualify through the Europe-qualifying events.

In no case may a country qualify more than 4 fencers per weapon.

Qualification through the individual AOR is reserved for countries that do not have any fencers qualified through team.

The Europe-qualifying events are only open (1 fencer per country) to those countries, which do not have any fencers who have qualified (through team or through the individual AOR by zone).

**AOR \*** The Adjusted Official Ranking is the FIE Official Ranking modified as follows:

The names of all the fencers, by country and by weapon, who have qualified through team, are removed. For the other countries only highest ranked fencer by country and by weapon is kept.

The host NOC has the right to enter 24 fencers, i.e. participate with 4 fencers in each event.
